Introduction

There is a new breed of cat on the prowl at Powell High School this year. The **Panther** has been looking on a new assistant principal, new faculty members, new and brighter facilities, a new vocational office education and various new extra-curricular activities. For further interest let us follow each Panther paw and take a look at all these new changes and compare them with everyday activities at Powell High during the 1966-1967 school year.

"With deep appreciation for your outstanding work among the students by giving your help to each in vocational, academic, and extra-curricular activities we—the Senior Class of 1967—dedicate this volume of the 'Panther' to you—Mrs. Anna Bellamy."
